Dean will repair or replace, at its option, any Dean instrument or part thereof which is found by Dean to be defective. Dean reserves the right to use materials regularly utilized at the time of repair in the event that original materials are no longer available. Warranty service requires a copy of the original sales receipt to be presented at time of service request.

This warranty does NOT cover:

1. Any Instrument modified after original shipment from the Dean Factory.
2. Any Instrument that has been altered or modified in any way or upon which the serial number has been tampered with or altered.
3. Any instrument that has been damaged due to misuse, neglect or accident.
4. Any instrument that has been subjected to extreme humidity or temperature conditions.
5. The subjective issue of tonal characteristics.
6. Any instrument that has been serviced by unauthorized persons.
7. Shipping damages of any kind.
8. Normal wear and tear (i.e; worn frets, worn machine heads, worn plating, string replacement, scratched pickguards, damage from accessories (straps, etc.), or damages to or discoloration of the instrument finish for any reason).
9. Freight charges to and from the factory or authorized dealer for customer-owned goods.
10. Claims by anyone other than the registered owner.

How to Obtain Warranty Service:

In the event of malfunction of your Dean instrument, you should notify your nearest Authorized Dean dealer. The dealer will contact Dean for information and authorization to return the instrument to Dean Headquarters. The dealer or owner must ship the instrument freight and insurance pre-paid. No instrument may be returned to Dean without prior return authorization. Service performed by unauthorized persons will void this warranty. When returning an instrument a copy of the sales receipt establishing proof and time of purchase must be sent with instrument.
