Dean Guitars mission has always been to produce the finest guitars in the world. We want to help musicians be as passionate about making music as we are about creating instruments that are played on the most prestigious stages, and in the best studios, around the world. Since 1977, our iconic electric and acoustic guitars, basses and other musical instruments have been built to the highest standards in our industry.

We are proud to be a musician-owned and operated company. The Dean Guitars staff is comprised of hard working, knowledgeable musicians who demand excellence in the instruments that we design, build and play.

From beginners just starting the journey to part-time weekend players - from the hard working bands fighting for every dollar on tour to the accomplished professional who demands a high-performance six-string masterpiece - we make a guitar that is perfect for you and back it with reliability, quality and value. With a Dean guitar in your hand you become part of a world-wide family of musicians who have embraced the Dean Guitars legacy and are ready to continue the journey together. Road Tested. Artist Approved. Dean Guitars 2014!

FEEL THE DIFFERENCE! THE DIFFERENCE IS DEAN!

Located within our 110,000 square foot worldwide headquarters in Tampa, Florida, the Dean USA Custom Shop is a state-of-the-art, woodworking facility designed for the sole purpose of producing guitars and basses that are unrivaled in sound, look and feel. Anchoring the Dean custom shop, two Anderson CNC machines are used to sculpt every element of our impeccably detailed Artist, Custom and Standard series guitars. High-powered radio frequency glues are utilized to ensure proper drying and maximum strength on any glue joints. Using the highest quality woods available, our Dean USA guitars are hand-sanded and finished with precise, hand-cut, custom inlays. These guitars are designed for a lifetime of enjoyment and reliability.

Our devoted team of designers and craftsmen in the Dean USA Custom Shop ensure a quality that is quite potentially the best in the guitar industry. This quality has been embraced by some of the biggest names in the business as well as a legion of guitar enthusiasts around the world who demand and deserve the best guitar possible.
USA Custom Craftsmanship!

The Dean USA Custom Shop crafts the most beautiful custom guitars in the world.

Our team of artisans create masterpieces of the highest order, to the most stringent specifications, with the utmost attention to detail.

Every Dean USA Custom guitar sings in every key, with every chord and every note. Our labor of love is no labor at all.

Play one and know.

THE ACOUSTIC. REIMAGINED.

DEAN EXHIBITION ULTRA

We’ve taken the very best attributes of an electric guitar’s feel and combined them with industry first electronics! The thin-body Dean Exhibition Ultra acoustic/electric guitars boast sleek and familiar playability, now with the capability to record on the go. The B-Band® USB output transforms your Dean Exhibition into the perfect solution for instantly capturing your creative spark no matter where it strikes. Simply connect to your iPad, smartphone, Android tablet or laptop. That’s right... now, using your favorite software, you can record your song ideas anywhere... just plug in and PLAY!
This exciting new Dean acoustic series was inspired by the vast cultural history of America’s oldest city, St. Augustine, Florida. The Dean St. Augustine guitars paint a diverse, colorful palette of sound worthy of their namesake. The Dean St. Augustine Dreadnought is one of the best sounding acoustics in its price range, an extremely affordable solid top, steel-string acoustic with a rich and rewarding sound. This guitar is a real joy to play with its comfortable “C” shape neck with rosewood fingerboard. Sealed die-cast tuners make tuning easy and will have you making beautiful sounds right out of the box. Get your wings today with the Dean St. Augustine Series Acoustic Guitars!
The **Dean Natural Series**
Acoustic-Electric Guitars come ready for studio or stage with Aphex’s legendary signal processors built right in. The onboard **Aural Exciter** and **Big Bottom Circuitry** combine to offer you studio-quality enhancement of your guitar sound, whenever and wherever you plug in.

DEAN GUITARS 2014 CATALOG
Dean Guitars, in collaboration with the Dimebag Darrell Estate, is proud to introduce the Dean Dimebag Darrell Signature ROOTS ML.

This very special guitar, limited to only 200 individually numbered pieces, features an oak razor blade inlaid directly into the body of the guitar. The 200 razor blades were cut from a branch of an old oak tree, located right outside the studio window in Dime’s backyard where Pantera recorded most of their now legendary albums. There is no doubt that Dimebag Darrell’s own Dean MLs and monstrous guitar sound shook the branches of this very oak tree.

This is a historical, guitar industry first. The wood used in the making of this guitar was taken directly from the artist’s backyard with the blessing and endorsement of his loved ones! The 200 guitarists lucky enough to get their hands on this instant collector’s piece will forever have a piece of heavy metal and guitar building history, literally in the palm of their hands. This wood belonged to Dimebag Darrell and now it can belong to you – The Dean Dime Roots ML.
